Industry & Technology Institute

# TABLE OF CONTENTS

# Master's Program for Future Global Leaders in Environmental Policy (MGLEP)

## 1. OVERVIEW

The Master's Program for Future Global Leaders in Environmental Policy (MGLEP) funded by the Ministry of Environment of Korea is a scholarship program designed to provide the prospective leaders of partner countries with an opportunity to pursue graduate studies in Environmental Policy at a prestigious school in Korea. The program encourages participants to enhance their knowledge and experience through courses, study trips and internship aiming at developing and managing public policies on sustainable development. The program also supports the participants to build and strengthen cooperative networks with one another, environmental policy experts and governments officials in Korea. The program provides the full-ride scholarship with a monthly living allowance to help the participants to focus on the study.

## 2. PROGRAM DESCRIPTION

**Program Offered**: Master's Program for Future Global Leaders in Environmental Policy (MGLEP)

**Purpose**:

- To provide an opportunity for prospective leaders of countries that have close ties with Korea; to pursue graduate studies in Environmental Policy at a designated academic institution in Korea; to contribute to sustainable economic and social development of our partner countries
- To share our experience on development practices in order to promote cooperation among partner countries.

**Sponsor**: Korean Government (Ministry of Environment)

**Stakeholders:**

- Ministry of Environment(KME): Design the program and provide fund

- International Environmental Cooperation Cente(IECC) from Korea Environmental Inudstry & Techonlogy Institute(KEITI) : Manage and coordinate the program, Provide extra programs(networkings, internship,. etc)

- Academic Institution : Provide coursework and extra-curricular programs, and support the participants' settlement

**Curriculum:**

- Commonly required courses: Courses about Korea's Environmental Policy, Environmental Seminars and Field Trips
- Major required and selective courses: Depend on academic institution's curriculum
- Extracurricular courses: Korean Language and Culture

**Academic institution**: University of Seoul (UOS)

**Total Number of Awards**: 22 scholarship recipients for Batch 9

**Language**: English

**Duration**: Feb. 2023 – Dec. 2024 (2 years in maximum to obtain a Master's Degree)

## 3. APPLICATION ELIGIBILITY

**To be eligible, candidates must satisfy the followings:**

- Be citizens of the partnering countries designated by the Ministry of Environment of the Republic of Korea
- **Be government officials or public sectors' employees whose work is closely related to environmental policies or sustainable development** (more than three years of experience required, permanent employees only).
  For employees of public organizations and institutions nominated by their governments, a letter of nomination from the Ministry concerned as well as the organization where an applicant belongs are both required.
- Hold a Bachelor's degree officially recognized by the government concerned as of the date of arrival to Korea
- **Have a good command of both spoken and written English**
- Not have participated in any of the Korean government's scholarship programs (Master's degree or higher) before
- Have adequate health, both mentally and physically, to stay in a Korea for an extended period of time (under the age of 45 years preferred)
- Agree to return to their home country after the completion of the program
- Meet the selection criteria of an academic institution

## 4. SCHOLARSHIP BENEFIT (What does the scholarship cover?)

Full-ride scholarship with a monthly stipend is provided. The following expenses are included in the details of financial support by MGLEP.

- Tuition fee
- Accommodation (dormitory of academic institution)
- Living allowance (including meals): KRW 999,000 per month
- Travel expenses (airfare): Round-trip economy class ticket
- Miscellaneous travel expenses: KRW 200,000 upon arrival / KRW 300,000 when departure
- Korean Language class: full coverage
- Textbooks and materials: distributed by a designated university
- Extracurricular activities such as study and field trips during the program
- Medical checkup, twice during the period
- Insurance

## 5. METHOD OF APPLICATION

The Ministry of Environment of the Republic of Korea(KME) requests environment-related organizations of Korea's partner countries to recommend eligible candidates for the program. Applicants should submit all documents related to their scholarship application to Korea Environmental Industry &Technology Institute (KEITI), which will be provided with the Program Discription.

※ URL : www.apec-vc.com/esten/local/course/detail.php?id=8
